

Viking Wind Farm

November 2018

Volume 3a:
Figures

Section 36 Variation Application - Environmental Impact Assessment Report

VOLUME 3A FIGURES: TABLE OF CONTENTS

Chapter 1: Introduction

Figure 1.1 Site Location

Figure 1.2 Site Layout

Figure 1.3 Quadrant Plan

Chapter 2: Description of Development

Figure 2.1 Indictive Turbine Dimensions

Figure 2.2 Indictive Turbine Foundations and Crane Hardstandings

Figure 2.3 Indictive Access Track Detail

Figure 2.4 Typical Met Mast Elevation

Figure 2.5 Proposed Construction Compound

Figure 2.6 Substation Elevations

Figure 2.7 Proposed Substation Platform Location

Figure 2.8 Proposed Substation Platform Layout

Chapter 3: Comparative Environmental Assessment

No Figures

Chapter 4: Landscape and Visual Amenity

Figure 4.1 Proposed Varied Development ZTV

Figure 4.2 Comparative ZTV of the Consented Development (145m Tip) and the Proposed Varied Development (155m Tip)

Figure 4.3 Landscape Character Types

Figure 4.4 Landscape Character Areas and Sensitivity

Figure 4.5 Designated Landscape Areas and Proposed Development ZTV

Figure 4.6 Cumulative Search Area

Figure 4.7: See Volume 3b: Visual Representations (4.7.1.1 – 4.7.17.4)

Figure 4.8.1 Cumulative ZTV: Proposed Varied Development and Beaw Field

Figure 4.8.2 Cumulative ZTV: Proposed Varied Development and Lerwick Cluster

Chapter 5: Ornithology

Figure 5.1 Areas and Sub-Divisions Relevant to Ornithology Assessment

Figure 5.2 Moorland Bird Survey Coverage by Year

Figure 5.3 Confidential

Figure 5.4 Confidential

Figure 5.5 Confidential

Figure 5.6 Curlew Nominal Territory Centres Inside Application Boundary (Based on Surveys Undertaken 2014-2018)

Figure 5.7 Golden Plover Nominal Territory Centres Inside Application Boundary (Based on Surveys Undertaken 2014-2018)

Figure 5.8 Dunlin Nominal Territory Centres Inside Application Boundary (Based on Surveys Undertaken 2014-2018)

Figure 5.9 Artic Skua Nominal Territory Centres Inside Application Boundary (Based on Surveys Undertaken 2014-2018)

Figure 5.10 Great Skua Nominal Territory Centres Inside Application Boundary (Based on Surveys Undertaken 2014-2018)

Figure 5.11 Location of the East Coast Mainland, Shetland Proposed Special Protection Area relative to the S36C Variation Application

Figure 5.12 The Spatial Variation in Flight Activity by Red-Throated Divers across the Southern Half of the Central Mainland Derived from Data Collected up to 2007

Chapter 6: Noise

Figure 6.1 Noise Monitoring and Assessment Locations

Figure 6.2 Cumulative Wind Turbine Locations

Chapter 7: Aviation and Telecommunications

Figure 7.1 Airport/Airstrip Locations

Chapter 8: Ecology

Figure 8.1 Ecological Designations within 10km

Figure 8.2 Phase 1 Habitat Survey

Figure 8.3 NVC Communities

Figure 8.4 Groundwater Dependent Terrestrial Ecosystems (GWDTE)

Chapter 9: Hydrology, Hydrogeology, Geology, Soils and Peat

- Figure 9.1 Surface Water Setting
- Figure 9.2 Bedrock Geology
- Figure 9.3 Superficial Geology
- Figure 9.4 Hydrogeology
- Figure 9.5 Private Water Supplies

Chapter 10: Access, Traffic and Transport

- Figure 10.1 Access Routes
- Figure 10.2 Traffic Count Locations
- Figure 10.3 Structural Assessments and Upgrades

Chapter 11: Cultural Heritage

- Figure 11.1 Cultural Heritage Assets within Site Boundary
- Figure 11.2 Designated Cultural Heritage Assets within 10km
- Figure 11.3 Consented Viking Wind Farm ZTV (145m) with Designated Cultural Heritage Assets
- Figure 11.4 Proposed Varied Development ZTV (155m) with Designated Cultural Heritage Assets
- Figure 11.5 See Volume 3b: Visual Representations (11.5.1.1 – 11.5.8.2)

Chapter 12: Shadow Flicker

- Figure 12.1 Properties within the shadow flicker study area

Chapter 13: Socio-economics

No Figures

Chapter 14: Schedule of Mitigation

No Figures
