

APPENDIX 9.1 VISUAL IMPACT TABLES

Initial assessment undertaken in 2006, final assessment undertaken in 2008

Ref	Name /Location / Type/ Context	Number of receptors (approx)	Nature of Main View	Sensitivity of the receptor	Angle and Nature of Change	Distance	Potential no. of turbines visible	Magnitude		Impact	
								Construction	Operational	Construction	Operational
1	Belmont: 1 ½ - 2 storey houses (including Belmont House)	4	South facing views across Wick of Belmont and ferry pier	Low	Front on very distant views towards the proposed development	31.5km	1 - 37	Negligible	Negligible	Negligible	Negligible
2	Uyeasound: 1 - 2 storey houses	30	South east, south and south west facing views over Uyea Sound	Low	Front on/ oblique, distant views towards the proposed development	33-35km	1 - 112	Negligible	Negligible	Negligible	Negligible
3	Aithness, Fetlar: 1 - 1 ½ storey houses	4	South facing elevated panoramic views over Wick of Tresta	Low	Front on/ slight oblique very distant views towards the proposals	27.5km	1 - 37	Negligible	Negligible	Negligible	Negligible
4	Aith, Fetlar: 1 ½ storey houses	2	South east facing slightly elevated views	Low	Very oblique and distant views towards the proposed development	28km	76 - 112	Negligible	Negligible	Negligible	Negligible
5	Aithbank, Fetlar: 2 storey house	1	West facing low level views over Wick of Aith	Low	Very oblique, distant views towards the proposals	28km	76 - 112	Negligible	Negligible	Negligible	Negligible

								Construction	Operational	Construction	Operational
12	Harkland, Yell: 1 – 1 ½ storey houses	10	South facing elevated panoramic views down Yell sound	Low/ Medium	Front on distant views towards the proposals	17.5km	1 – 112	Low	Low	Slight	Slight
13	West Sandwick (upper), Yell: 1 – 1 ½ storey houses	2	East facing elevated views over valley and Brownness	Low	Side on, distant views towards the proposals	17km	76 - 112	Negligible	Negligible	Negligible	Negligible
14	Yell – Moorbrae & Backa: 1 - 2 storey houses and cottages with outbuildings	6	West and south west facing low level views along Southladié Voe	Low	Side on and oblique and distant views, with partial screening from interim landform	16km	38 - 75	Low	Low	Slight	Slight
15	Yell – North Haa: 2 storey house at head of Southladié Voe	1	South facing views down Southladié Voe, partially obscured by headland	Low/ Medium	Front on, distant views, predominantly screened by local topography	16km	1 - 37	Negligible	Negligible	Negligible/ Slight	Negligible/ Slight
16	Yell – Gardins: 1½ storey houses and old church	5	South south west views down Southladié Voe	Medium	Front on distant views of the proposals	16km	38 - 75	Low	Low	Slight	Slight
17	Yell – Kirkhouse: 1½ storey cottage	1	West facing slightly elevated panoramic views over Yell Sound	Medium	Side on views screened by mature vegetation and landform	12km	n/a	No View	No View	No View	No View

Ref	Name /Location / Type/ Context	Number of receptors (approx)	Nature of Main View	Sensitivity of the receptor	Angle and Nature of Change	Distance	Potential no. of turbines visible	Magnitude		Impact	
								Construction	Operational	Construction	Operational
18	Everhoull, Yell: 1 storey house	1	West facing elevated panoramic views over Yell Sound	Low/ Medium	Very oblique views towards the proposed development	12km	76 - 150	Medium	Medium	Slight/ Moderate	Slight/ Moderate
19	Yell – Kirkhouse: 1-1½ storey cottages and outbuildings	3	West facing slightly elevated panoramic views over Yell Sound	Medium	Side on views to the proposed development, which would appear as a small element in the overall view	12km	76 - 112	Low	Low	Slight	Slight
20	Yell – West Yell: 1 storey cottage and garage	1	South west facing, elevated and panoramic views over Yell Sound towards mainland Shetland	Medium	Slightly oblique views towards the proposed development, which would appear as a small but important element in the overall view	11.5km	76 - 112	Medium	Medium	Moderate	Moderate
21	Yell – Sound: 1-1½ storey cottages with garages and out buildings	3	South west facing, slightly elevated and panoramic views over Yell Sound towards mainland Shetland	Medium	Slightly oblique views towards the proposed development, which would appear as a small but important element in the overall view	12km	76 - 112	Medium	Medium	Moderate	Moderate
22	Yell – Newton: 1-1½ storey cottages and outbuildings	4	West facing slightly elevated and panoramic views over Yell Sound towards North Roe	Medium	Side on and very oblique views, screened by local landform	11km	n/a	No View	No View	No View	No View
23	Yell - 1½ storey cottage with out buildings	1	West facing views over Yell Sound from a slightly elevated position on the coast	Medium	Side on views to the proposed development, which would appear as a small element in the overall view	11.5km	38 - 75	Low	Low	Slight	Slight

								Construction	Operational	Construction	Operational
30	Yell - 1½ storey house	1	South and west facing, elevated views over Yell sound towards mainland Shetland	Medium	Front on and oblique views towards the proposals. Sullom Voe Oil Terminal is also within these views. Some partial screening of south facing views by local landform	9km	113 - 150	Medium	Medium	Moderate	Moderate
31	Yell – Quoys: 1½ storey croft	1	West facing elevated and panoramic views over Yell Sound towards North Roe	Low	Side on and very oblique views, screened by local landform	10km	n/a	No View	No View	No View	No View
32	Yell – group of 1-1½ storey houses, crofts and caravans in upper area of Ulsta	11	South facing elevated, panoramic views over Bay of Ulsta and towards mainland Shetland	High	Front on and oblique views towards the proposals. Sullom Voe Oil Terminal is also within these views	9km	113 - 150	High	High	Substantial	Substantial
33	Yell – 1 storey house	1	South facing views overlooking Bay of Ulsta and ferry terminal, partially screened by mature planting in the garden	High	Front on and oblique views to the proposals, partially screened by mature garden planting	9km	76 - 112	High	High	Substantial	Substantial
34	Yell – group of 1-1½ storey houses	4	South west facing views overlooking the pier and ferry terminal	High	Front on and oblique views to the proposed development with the ferry terminal and local shop in the foreground	9km	76 - 112	High	High	Substantial	Substantial
35	Yell – Ulsta: 1-1½ storey houses, shop and pier buildings	5	South west facing views from a slightly elevated position. Ferry Terminal in foreground	Medium	Front on views with partial screening from ferry terminal structures and local landform	9km	38 - 75	Medium	Medium	Moderate	Moderate

Ref	Name /Location / Type/ Context	Number of receptors (approx)	Nature of Main View	Sensitivity of the receptor	Angle and Nature of Change	Distance	Potential no. of turbines visible	Magnitude		Impact	
								Construction	Operational	Construction	Operational
36	Yell – Flukes Hole: 1½ storey cottage overlooking the Bay of Ulsta	1	South west facing slightly elevated views over Yell Sound with ferry terminal in the foreground	Medium	Front on views within a wide panorama	9km	76 - 112	High	High	Moderate/ Substantial	Moderate/ Substantial
37 (FR2)	Ferry between Toft (Mainland) and Ulsta (Yell)	1	Principally south west and north east low level views across Yell Sound	High	Front on or rear to the main views with partial screening from interim topography	4 – 8km	1 - 75	Medium	Medium	Moderate/ Substantial	Moderate/ Substantial
38	Yell – Copister, Grinda & Lower Houses: single storey cottages	7	South east facing slightly elevated panoramic views over Yell Sound	Medium	Oblique and side on views towards the proposals	9km	113 - 150	High	High	Moderate/ Substantial	Moderate/ Substantial
39	Yell – Fish farm sheds	1	No views out due to surrounding landform	Low	Views towards the proposals are screened by local landform	11km	n/a	No View	No View	No View	No View
40	Yell – Whirley: single storey cottage adjacent to road	1	South west facing low level views across Hamna Voe	Low	Front on views, partially screened by interim topography	11km	38 - 75	Low	Low	Slight	Slight
41	Yell – Hamnavoe: 1-1½ storey cottages on elevated ground	9	South west facing slightly elevated panoramic views	High	Front on views towards the proposed development	11.5km	76 - 150	Medium	Medium	Moderate/ Substantial	Moderate/ Substantial

42	Yell – single storey cottage near Houlland	3	Low level south west facing views over inlet	Medium	Front on views partially screened by local landform	11km	1 - 75	Low	Low	Slight	Slight
43	Yell – Houlland: single storey properties	2	South west facing, elevated panoramic views across Hamna Voe	High	Front on and oblique views towards the proposals in a wide panoramic view	11.5km	113 - 150	High	High	Substantial	Substantial
44	Yell – Hamars of Houlland: 1½ storey houses	6	South west facing elevated panoramic views over Hamna Voe	High	Front on and oblique views towards the proposals in a wide panoramic view	11.5km	113 - 150	High	High	Substantial	Substantial
45	Yell – Littlester: 1-1½ storey houses	4	South east facing low level views over loch of Littlester	Low	Side on and oblique views towards the proposals	12km	113 - 150	Medium	Medium	Slight/ Moderate	Slight/ Moderate
46	Yell – Holligarth: 1½ storey cottages	2	East facing, slightly elevated views over Wick of Gossabrough	Low	Rear oblique and distant views likely to be screened by interim landform	16km	n/a	No View	No View	No View	No View
47	Yell – Kettlester: 1½ storey houses	7	South east facing, slightly elevated views over Burravoe	Low	Side on and oblique views towards the proposals	12km	113 - 150	Medium	Medium	Slight/ Moderate	Slight/ Moderate

Ref	Name /Location / Type/ Context	Number of receptors (approx)	Nature of Main View	Sensitivity of the receptor	Angle and Nature of Change	Distance	Potential no. of turbines visible	Magnitude		Impact	
								Construction	Operational	Construction	Operational
48	Yell – Easterlee: single storey cottage with garage	1	West facing, elevated views over Hamna Voe	Medium	Oblique to side on within a wide panorama	13km	113 - 150	Low/ Medium	Low/ Medium	Slight/ Moderate	Slight/ Moderate
49	Yell – Burravoe: 1-1½ storey cottages with outbuildings and garages	7	South and south west facing elevated panoramic views over Yell Sound	High	Front on views towards the proposed development, within a wide panorama	13km	113 - 150	High	High	Substantial	Substantial
50	Yell – Upper Neepaback: 1-2 storey houses with outbuildings and garages	7	South facing, elevated panoramic views over Yell Sound with buildings in the foreground	High	Front on views towards the proposed development, buildings in the foreground provide a degree of screening	13km	113 - 150	Medium	Medium	Moderate	Moderate
51	Yell – Burravoe: 1-1½ storey houses with garages and outbuildings	13	South east and east facing views from a slightly elevated position	Medium	Very oblique and side on views of the proposals	12km	113 - 150	Low	Low	Slight	Slight
52	Yell – Burravoe: 2 storey houses and church	12	South and south west facing slightly elevated panoramic views over Yell Sound with buildings in the foreground	High	Front on views towards the proposed development buildings in the foreground provide a degree of screening	12.5km	113 - 150	Low	Low	Moderate	Moderate
53	Yell – Burravoe: 1-2 storey houses	7	South east coastal views over Burra Voe	Medium	Side on views partially screened by local topography. Only distant parts of the proposals would be visible	12km	76 - 112	Low	Low	Slight	Slight

Ref	Name /Location / Type/ Context	Number of receptors (approx)	Nature of Main View	Sensitivity of the receptor	Angle and Nature of Change	Distance	Potential no. of turbines visible	Magnitude		Impact	
								Construction	Operational	Construction	Operational
54	Yell – Burravoe: Old Haa and 2 storey cottages	3	West facing views towards a local hillock	Low	Side on/ very oblique views partially screened by local topography	12km	76 - 150	Medium	Medium	Slight/ Moderate	Slight/ Moderate
55	Yell – Brunthill / Burravoe: 1-2 storey houses, garages and outbuildings	15	South and south west facing elevated panoramic views over Yell Sound	High	Front on views towards the proposed development, within a wide panorama	12.5km	113 - 150	High	High	Substantial	Substantial
56	Isbister: 1 – 1 ½ storey house	2	South facing views generally constrained by sheds in foreground	Low	Front on distant views predominantly screened by sheds and interim topography	18km	1 - 37	Negligible	Negligible	Negligible	Negligible
57	Sand Voe: 1 ½ - 2 storey houses	3	East facing elevated panoramic views over Sand Voe	Low	Oblique/ side on, distant views towards the proposals	19km	1 - 37	Negligible	Negligible	Negligible	Negligible
58	Stourie & Burravoe: 1 storey crofts and 2 bungalows	5	Generally west facing open views	Low	Side on and oblique, predominantly screened by topography	17km	1 - 37	Negligible	Negligible	Negligible	Negligible
59	Newton: 1 ½ storey houses	3	East facing slightly elevated panoramic views across Yell Sound	Low	Side on distant views towards the proposals	13.5km	1 - 37	Negligible	Negligible	Negligible	Negligible

Ref	Name /Location / Type/ Context	Number of receptors (approx)	Nature of Main View	Sensitivity of the receptor	Angle and Nature of Change	Distance	Potential no. of turbines visible	Magnitude		Impact	
								Construction	Operational	Construction	Operational
60	Hill of Skea, Fladda & Lochend: mix of 1-2 storey houses	11	West facing views across valley to Housetter	Low	Very oblique/ side on, with Sullom Voe Oil Terminal in the foreground of these views	13km	1 - 37	Negligible/ Low	Negligible/ Low	Negligible/ Slight	Negligible/ Slight
61	Housetter: 1-2 storey houses	5	East and south east views across valley to Hill of Skea and Fladda	Low	Very oblique/ side on, with Sullom Voe Oil Terminal in the foreground of these views	13km	1 - 37	Negligible/ Low	Negligible/ Low	Negligible/ Slight	Negligible/ Slight
62	Ollaberry (lower): 1 ½ - 2 storey houses	20	South and south east facing views over Gluss Voe to oil terminal	Medium/ High	Front on or oblique views towards the proposed partially screened by Gluss Isle	9km	1 - 75	High	High	Substantial	Substantial
63	East Ness, Ollaberry: 2 storey house	1	North facing views over Bay of Ollaberry	Low	Rear facing views restricted by local landform	8.5km	1 - 37	Negligible	Negligible	Negligible	Negligible
64	Lighthouse at Calder's Geo, Esha Ness	1	Views west over sea from cliff top location	Low	Rear oblique, and distant. The proposals would form a small part of a wide panoramic view.	19km	76 - 112	Negligible	Negligible	Negligible	Negligible
65	Stenness: 1-1½ storey houses, outbuildings and farm croft	4	South west views from a slightly elevated location to the sea with Isle of Stenness in the foreground	Low	Side on, distant and restricted by local landform	18km	1 - 37	Low	Low	Negligible	Negligible

Ref	Name /Location / Type/ Context	Number of receptors (approx)	Nature of Main View	Sensitivity of the receptor	Angle and Nature of Change	Distance	Potential no. of turbines visible	Magnitude		Impact	
								Construction	Operational	Construction	Operational
66	West Heogaland: 1½ storey farm house and out buildings	1	Elevated east facing wide panoramic views along dramatic coast line	Medium/ High	Oblique and distant views. The proposals would form small distant elements in much of the view.	17km	76 - 150	Medium	Medium	Moderate	Moderate
67	Cappin: 1½ storey croft	1	South east elevated views over Esha Ness and towards Muckle Roe etc.	High	Front on, distant. The proposals would form a small part of the overall view.	17km	76 - 112	Low	Low	Moderate	Moderate
68	Ure & Leascole: 1½ storey croft houses	4	Elevated north facing views towards the sea	Low	Rear, distant and predominantly screened by local landform.	17km	1 - 37	Negligible	Negligible	Negligible	Negligible
69	Tangwick: 1½-2 storey houses and a museum.	4	South and west facing views over dramatic coast line	Medium	Oblique and rear, within a wide panorama. These views would include a number of over head lines etc in the foreground	16km	76 - 112	Low	Low	Slight	Slight
70	Tangwick: 1½-2 storey houses.	2	East and south east, elevated views along dramatic coast line	Medium	Front on, within a wide panorama. The proposals would form a small part of the overall view.	16km	76 - 112	Low	Low	Slight/ Moderate	Slight/ Moderate
71	Braehoulland: 1½ storey houses	5	North east and south west over open moorland.	Low	Oblique, partially screened by local topography	16km	1 - 37	Low	Low	Negligible/ Slight	Negligible/ Slight

Ref	Name /Location / Type/ Context	Number of receptors (approx)	Nature of Main View	Sensitivity of the receptor	Angle and Nature of Change	Distance	Potential no. of turbines visible	Magnitude		Impact	
								Construction	Operational	Construction	Operational
72	Braewick: 1& 2 storey houses & café.	4	South east facing, slightly elevated views along the dramatic coastline	Medium	Front on, partially screened by the Neap Cliffs and Ness of Hillswick	15km	1 - 75	Low	Low	Slight	Slight
73	Zoar: 1 storey cottage	1	East facing, elevated views towards Hillswick	High	Slight to very oblique within panoramic views	13km	76 - 112	Medium	Medium	Moderate	Moderate
74	Single storey croft by Helga Water	1	Elevated south east facing views over Sand Wick inlet towards Hillswick	High	Front on to oblique, partially restricted by local and interim landform	13km	38 - 75	Medium	Medium	Moderate	Moderate
75	Burnside: 1½ storey cottages	2	South east and south west facing views along valley floor and to Sand Wick inlet	Low	Front on and oblique, predominantly screened by local landform	12km	1 - 37	Low	Low	Slight	Slight
76	Sandwick: 1-1½ storey cottages	2	East facing, elevated panoramic views over Ura Firth to North Roe	High	Oblique, within a wide panorama. The proposals would form a small part of the overall view.	12km	38 - 75	Low	Low	Slight/ Moderate	Slight/ Moderate
77	Everor/Hillswick: a group of 1-2 storey houses, a church and a hotel	17	East facing panoramic views over Ura Firth	High	Front on and oblique, foreground screening by adjacent buildings and topography	11km	1 - 75	Low	Low	Slight/ Moderate	Slight/ Moderate

Ref	Name /Location / Type/ Context	Number of receptors (approx)	Nature of Main View	Sensitivity of the receptor	Angle and Nature of Change	Distance	Potential no. of turbines visible	Magnitude		Impact	
								Construction	Operational	Construction	Operational
78	Findlins House: group of 1 - 2 storey dwellings, farm and gallery	5	North and east facing views up and across Ura Firth	Low	Oblique and rear oblique, predominantly screened by landform.	11km	1 - 37	Negligible	Negligible	Negligible	Negligible
79	Hillswick: 2 storey council estate houses	5	South east facing, across road towards other similar housing (80 & 81)	Low	Front on and oblique, predominantly screened by buildings in the foreground and interim landform	11km	1 - 37	Low	Low	Negligible/ Slight	Negligible/ Slight
80	Hillswick: 2 storey council estate houses	4	South east facing views, predominantly looking into other houses (81)	Low	Front on and oblique, predominantly screened by buildings in the foreground and interim landform	11km	1 - 37	Low	Low	Negligible/ Slight	Negligible/ Slight
81	Hillswick: 2 storey council estate houses	4	South and east facing views down and across Ura Firth	Medium	Front on and oblique, predominantly screened by interim landform	11km	1 - 37	Low	Low	Slight	Slight
82	Ness of Olnessfirth: 1 storey crofts	4	South east facing, elevated panoramic views over Hamar Voe	Low/ Medium	Front on and oblique, the proposals would appear as only a small element within the overall view	9km	38 - 75	Low/ Medium	Low/ Medium	Slight/ Moderate	Slight/ Moderate
83	Enisfirth: 1 - 1 ½ storey houses	2	South and south east facing views over small valley	Low/ Medium	Front on views predominantly screened by interim landform	7km	1 - 37	Negligible	Negligible	Negligible	Negligible

								Construction	Operational	Construction	Operational
BR10	B9075 (South Nesting) between Brettabister and Catfirth (including NCR1 and NSCR)	1	Views are generally focused to the north east and south west, along the coast and across the south nesting peninsula. Views to the north are largely screened by interim landform	Medium	Front on views to the north are partially screened by interim landform. An access track and borrowpit will be located adjacent to this route and therefore provide impacts during construction	1 – 1.5km	1 - 75	High	Medium	Moderate/ Substantial	Moderate
BR11	B9075 (Weisdale) between Sand Water and Heglibister (including local cycle route)	1	Views are generally north and south facing and enclosed by the steep valley sides. There are east and west facing views from the section west of Sand Water	Medium	Front on views north up the valley, framed by the steep sides. There are also views to the east and west from Sand Water	1km	1 - 75	High	High	Moderate/ Substantial	Moderate/ Substantial
BR12	B9071 (south) between Effirth and Culswick	1	Direction of views is varied. However views tend to correspond to the orientation of the road and are generally focussed towards the coast	Medium	Front on views towards the north east partially screened by interim landform	4- 10km	1 - 75	Medium	Medium	Moderate	Moderate
BR13	B9074 (Tingwall) between Tingwall and Hamnavoe, Burra (including NCR1)	1	Views are generally focussed to the north and south and are enclosed by the sides of the Tingwall Valley. Burradale wind farm is prominent. Views from the southern section of this road are more open.	Medium	Front on and generally distant views towards the north. These are largely screened by interim landform and include the existing wind farm at Burradale	8 -16km	1 - 75	Low	Low	Slight	Slight
